6 The court asks for the same chart — filed and word format — with the following additional
7 information for each category: the biller, the hourly rate, and the total hours expended on that task.
8 The court also asks for the billing records (Exhibit C) in chronological order broken out by biller.
9 Another approach is to provide a spreadsheet that allows the court to sort the fields by biller.

10 The information must be submitted in one week (unless that is unreasonable, in which case,
11 the defendant must update the court by then with its timetable). The native-format (Excel or Word)
12 charts must be emailed to lbpo@cand.uscourts.gov. The hard copy can be e-filed.

13 **IT IS SO ORDERED.**
